Our Professional Services

Manpower Outsourcing Services

Our company takes pride in being a versatile provider of manpower services, extending our expertise to meet the diverse staffing needs across all sectors. With a commitment to excellence, we offer comprehensive manpower solutions designed to address the unique demands of various industries. Whether your requirements are in Civil, Construction, Telecom, IT or any other sector, our dedicated team is ready to provide skilled and qualified professionals to contribute to the success of your projects. Partner with us for a flexible and reliable manpower service that spans across all sectors, ensuring a seamless and tailored staffing experience for your specific industry needs.

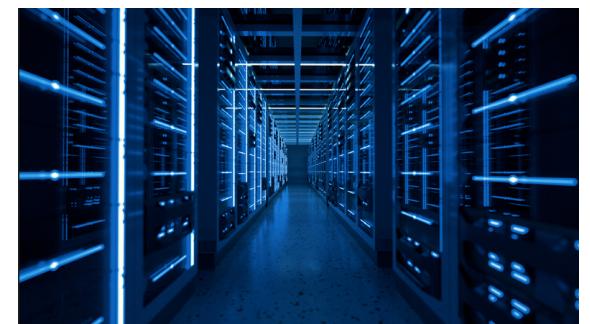

Our Manpower Solutions includes –

- Engineers (All Disciplines)
- QA/QC (Aramco Approved)
- Work Permit Receivers (Aramco Approved)
- Health, Safety and Environment (Aramco Approved)
- Technicians (All Disciplines)
- IT Professionals (SAP, ORACLE, Developers, Analyst)

IT, ERP Implementation & Cloud Infrastructure

Technology Leaders Co. Ltd. delivers comprehensive IT services encompassing ERP implementation and cloud infrastructure solutions tailored to enterprise environments with proven expertise across SAP, Oracle. Our services span the full lifecycle including requirements, analysis, solution design, configuration, customization, data migration, system integration, testing, user-training and post-implementation support.

IT Solutions, Custom Software Development

At Technology Leaders Co Ltd, we focus on delivering solutions, with the right equipment, at the right price and with a level of assurance that is unique in the reseller marketplace. Our in-house development team builds tailored software applications to solve unique business challenges. We offer full-cycle development—from design and prototyping to deployment and support—across web, mobile, desktop, and cloud environments.

Our Professional Services

Internet of Things (IoT)

We provide innovative solutions to seamless connectivity; we provide our clients with the latest advancements in IoT technology. Whether it's creating smart systems like Air Quality Monitors, Water Quality Sensors, Pressure Sensors and SCADA Systems. Our team is committed to driving efficiency and innovation in the digital era.

Strategic ICT Consulting and Contracting

Our consulting services bridge the gap between business goals and technology execution. We advise on IT strategy, digital transformation, risk management, infrastructure planning, and vendor selection—helping clients make informed, future-ready technology decisions.

Security System & Low Current Systems

We provide Design and implementation for Fire Alarm, Access Control, Advanced CCTV Cameras with IR features and other Low Current Systems.

Interior Works

We provide complete interior fit-out solutions including space planning, partitions, ceilings, flooring, lighting, and custom furnishings. Our team ensures delivery of functional, aesthetic, and ergonomically sound environments for corporate, commercial, and industrial clients

HCIS Fence Installation

Technology Leaders Co. Ltd. Provides supply, and installation of High Commission for Industrial Security (HCIS)-compliant perimeter security fencing for critical infrastructure sites. (e.g., fiber optic detection or intrusion alarms), and access control integration. We ensure proper civil works, grounding, gate automation, and coordination with CCTV and lighting systems to create a fully compliant and secure perimeter.
